The Colville Indian Housing Authority (“CIHA”), the tribally designated housing entity for the Confederated Tribes of the Colville Indian Reservation, is inviting firms who have experience in grant writing and construction development services to submit proposals to provide these services to CIHA. The work to be performed is funded by funds appropriated pursuant to the Native American Housing Assistance and Self-Determination Act (“NAHASDA”).

The Colville Indian Housing Authority (CIHA) will receive proposals for grant writing and construction development services that will enable CIHA to submit funding applications in response to notices of funding availability. CIHA intends to select a qualified individual and/or firm based on applicants’ experience and expertise to develop the Lovejoy property, a future homeownership subdivision site. The period of services shall begin upon negotiation and award of a contract this fiscal year until the project is complete or the contract is terminated, whichever comes first. Applicants are required to provide their current hourly rates along with a fee schedule for the scope of service to be provided as a consultant for project development.

Proposals for grant writing and construction management services for the Project will be received by Dale Schrock of the CIHA at the above-listed address until 3:00 p.m local time, on Friday April 8, 2011.
