Thurs. Sept 16	8:30 AM to 4:00 PM	Workshop/Training entitled, <i>Communicating for Results</i>

Communicating for Results!

Your communication skills determine the quality of your life. Tribal housing professionals are pulled in all directions by their boards, councils, regulatory agencies, contractors, supervisors - and even their own staff! All successful interactions and relationships depend on the flow of information. Whether the expression of that flow is non-verbal or oral, each message contains at least two elements: the surface element and the psychological element. In this high-powered program, Judi shows NWIHA members how to control both. In addition, she shows us how to adapt to the unique communication styles of others as well as how to get our messages across effectively, powerfully, persuasively and memorably. This program is filled with tips and techniques for communicating the important, necessary information in a way that maximizes the chances for our success in Tribal housing. **Judi Moreo** is an award winning speaker, author, trainer, and executive coach. The Las Vegas Chamber of Commerce once honored her as Woman of Achievement - Entrepreneur of the Year and she was named Nevada Business Person of the Year by the US Business Advisory Council. Judi is an accomplished author with seven books to her credit.
